EDUCATION

2024 – 2028 (Ongoing)
B.E. Information Technology
Kadi Sarva Vishwavidyalaya, Gandhinagar

2022 – 2024
Higher Secondary (12th)
PRBM Junior College, Telangana — 80%

SKILLS

- UI/UX Design & Research
- Wireframing & Prototyping
- Figma · Adobe XD (Beginner)
- HTML · CSS · JavaScript
- TypeScript (Familiar)
- Flutter (Intermediate)
- Python (Beginner)
- IoT: ESP32, Sensors, MQTT (Familiar)
- Backend: Node.js (Familiar)
- Team Management & Leadership
- Research & Analysis
- Problem Solving

LANGUAGES

Gujarati — Native / Full Professional
Hindi — Professional Working
English — Limited Working
Telugu — Limited Working

PATEL VED

UI/UX DESIGNER • FRONTEND DEVELOPER • RESEARCH TEAM LEAD

PROFILE

Third-year Information Technology student with hands-on experience across UI/UX design, Graphics Designing & frontend development. Skilled in creating user-centric interfaces, wireframes, and prototypes, and in translating designs into functional, end-to-end platforms. Experienced in leading technical teams and coordinating research initiatives, with a strong interest in problem-solving and research-driven development for real-world social impact.

WORK EXPERIENCE

UI/UX Design Intern — Unified Mentor Private Limited *Nov 2025 - Jan 2026*
Gurugram, Haryana, India · Remote · 3 Months

- Worked on real-world projects under professional mentorship; successfully completed all assigned projects
- Involved in user research, wireframing, prototyping, and end-to-end UI design execution
- Gained in-depth knowledge of UI principles and industry-standard design practices

Graphic Designer Intern — InAmigos Foundation (IAF) *Jan 2026*
Remote · 1 Month

- Designed promotional posters and handled reel editing for social media campaigns
- Contributed creative visual content to support the foundation's digital presence

LEADERSHIP & EXTRACURRICULAR

- Led a multidisciplinary team in research and hackathon projects, coordinating UI/UX design, frontend development, IoT research, and AI/ML integration. Managed project planning, task delegation, and cross-functional collaboration to deliver innovative solutions.
- Co-Coordinator, VSITR Research Club — Organized technical workshops, research activities, and collaborative learning sessions to foster innovation and knowledge sharing among students while promoting active participation in technical communities.

PROJECTS

- **Vikranth** — ISRO BAH 2026 hackathon project — Random Forest model (~99.98% accuracy) for Ahmedabad urban heat island prediction with SHAP explainability.
- **Vrudhseva** — Hackathon Organized by our university Elder care platform — Flutter app paired with an ESP32 wearable for fall/vitals monitoring and 5-level emergency escalation.
- **Carbon Footprint Tracker** — Finalist in the OdooXGujaratvidyapithSensor research improving CO2 measurement accuracy via MQ135 modification, targeting ±8–15 ppm accuracy.
- **AssetFlow AI / VendorBridge / FleetSync** — Odoo Hackathon AI-powered ERP platforms — asset management, vendor/procurement, and fleet dashboards with role-based views.
- **Garvi Gujarat** — Designed a modern tourism platform featuring user-centered UI/UX, responsive interfaces, and interactive user flows to enhance travel planning and cultural exploration.
- **Annapurna** — Designed a food donation platform connecting donors, NGOs, and volunteers through an intuitive UI/UX, streamlining donation management and improving accessibility.
- **Design Projects** — TravelX, Foodie, GadgetKart, Simple Bakery, Pizza Hunt — Figma UI/UX mockups.
- **FloatChat** — AI-Powered Conversational Interface for ARGO Ocean Data Discovery and Visualization (**SIH 2025**)

CERTIFICATES & ACHIVEMENTS

- **3rd Runner-Up** — Impactathon KSV 2025
- **2x Finalist** — Odoo Hackathon 2025
- **Participant** — ISRO Bharatiya Antariksh Hackathon 2025
- **Participant** — Gen AI Hackathon 2025
- **Certificate of Internship** — Unified Mentor Pvt. Ltd.
- **Certificate Graphic Design Internship** — InAmigos Foundation
- **IEEE KSV** — AI in Smart Cities & Industries 5.0 Workshop
